

# VENUE INFORMATION

## Host Country - Korea

Korea is, indeed, "A different Asia" with its own language, letters, custom and unique culture whose people are noted for their generosity, friendliness and warmth. It is populated with 50 million people and has rebuilt itself from the devastation of Korean War achieving economic miracle in just 50 years. Korea today is a fascinating place whose 5,000 year-old culture and history are blended harmoniously with its modern atmosphere. Take your time to taste a full of Korea for the best trip ever in your life.

# REGISTRATION FEE

Categories	On-Site Registration
Regular	US\$800
Student	US\$600
Accompanying person	US\$180

1US\$ = 850KRW

## INVITATION TO ICTUS 19

Dear Colleagues:

The Korean Tunnelling and Underground Space Association (KTA) would like to invite all of you to the 2019 International Conference on Tunnels and Underground Spaces to be held at ICC Jeju in Jeju Island Korea from September 17 to 21, 2019.

The conference is operated under the platform of the ASEM19 congress. ASEM19 is a single platform for various fields of studies including tunnel technologies, and a total of 12 conferences will be held under the platform of ASEM19.

The theme of the conference is "Tunnels Connecting to Another World". An intellectually scientific technical program will be prepared in consistent with the theme of the conference. The conference will provide participants many opportunities to exchange new information and ideas related to tunnelling and underground space construction industry.

ICC Jeju is Korea's largest and newest international exhibition and convention venue, located in Jeju Island of Korea.

Each member of Local Organizing Committee will make sure that the symposium will be fruitful and memorable. Anticipating your continued cooperation and active participation for the forthcoming symposium, we look forward to welcoming you here in Jeju island Korea

Best regards,

Chairs, ICTUS19 Conference

Prof. **HanKyu Yoo**  
President of KTA

Ph. D **Byeong Doo Son**  
Vice President of KTA

Chair of LOC

Prof. **Yong-Joo Lee**  
Director of KTA

## Forum Theme

Tunnels Connecting to Another World

## Forum Topics

- Innovation in Mechanized Tunneling
- Developments in Underground Space Technologies
- Improvements in conventional Tunneling
- Structural and Hydraulic Interaction in Underground Structures
- Tunneling and Underground Works in Extreme Conditions
- Resilience and Sustainability in Underground Space

## General Program

Time	9/17(Tue)	9/18(Wed)	9/19(Thu)	9/20(Fri)	9/21(Sat)
08:00~09:00		Registration			Field trip 2 (Optional)
09:00~09:40		Opening Ceremony Plenary Session	Semi-Plenary Session	Semi-Plenary Session	
09:40~10:10		Coffee Break			
10:10~12:00		Conference Opening Invited Lecture	Concurrent Sessions		
12:00~13:00		Lunch			
13:00~14:30		Concurrent Sessions		Field trip 1 (Optional)	
14:30~15:00		Coffee Break			
15:00~17:30		Registration (17:00~19:30)	Concurrent Sessions		
18:00~20:00	Night Excursion	Reception	Reception		

※ The Field Trip 1 may be rescheduled depending overall participants exceeds the expected numbers.

## Keynote Lectures

Prof. **Jamal Rostami**  
Hadden/Alacer Gold Chair,  
Director of Earth Mechanics  
Institute (EMI), Dept. of Mining  
eng, Colorado School of Mines

Prof. **Thomas Marcher**  
Head of the Institute of  
Rock Mechanics and Tunnelling,  
Graz University of Technology
